

Group 012 03 Meeting notes

Accomplished Since last meeting

- Created db with most of everything filled out
- Login/Register endpoint
- Started partials/views

Currently Working on

- Styling for pages
- Partial
- HTTP Routes/Endpoints

Need to work on:

- ER diagram for Database
- UAT table in the UAT document.
- Figuring out User stories (do this before fall break)
- Writing more test cases

Agreed on Roles and Responsibilities

- Frontend team: Tom, Rodrigo, Trish
- Backend team: Jake, Mitch, Caleb

Plan for Next Meeting: Complete the entire thing
